Lions Club's Sight Clinic Here Sunday

The Antioch Lions Club will sponsor its annual, free S.O.S. (Save Our Sight) screening program Sunday at the high school.

The hours will be from 10 a.m. to 3 p.m. and persons of all ages are invited to attend. Children must be at least 3 years of age.

The screening program will be supervised by professional eye personnel, aided by Lions Club members. An eyedocor will give the eye-pressure tests. Persons having unsatisfactory checks will be advised to see an eye doctor of their own choice for examination and diagnosis.

The Lions Club also will offer tests for high blood pressure and chest X-rays. Information on diabetes also will be available.

Snowmobiles: Antioch's Next Concern

Can snowmobiles be driven across streets in the village of Antioch? If so, which streets?

Should there be a curfew on snowmobile noise, such as midnight on Fridays and Saturdays and 10:30 on other nights?

These are some of the questions that arose at Monday night's village board meeting.

The trustees decided that their civic activities committee should meet with the village park commission to discuss these matters and perhaps designate trails for snowmobilers. Some members indicated they want the use and licensing of snowmobiles to be strictly

enforced this winter.

IN OTHER discussion about winter sports, the trustees decided that the ice skating pond at Poplar Ave. and Cunningham Dr. will be open to the public again. Boy Scouts from Troop 92 will be there Saturday morning, trimming

Gas Prices Continue To Fall

Gasoline prices continue to fall throughout Illinois, the Chicago Motor Club's latest report shows.

In the Chicago area, 17 cents separates the high and low prices for regular gas. Some "serve yourself" stations sell regular gas for as low as 50.9 cents a gallon.

Average prices last week were 60.6 cents for regular and 65.2 cents for premium, a drop of eight-tenths of a cent for regular and six-tenths of a cent for premium from two weeks ago.

Average prices a year ago were regular, 56.8 cents; and premium, 60.5 cents.

weeds to make the pond more accessible to skaters.

The trustees also started to think about next spring, when they will install a water fountain in Doc Jensen Park. The \$200 for the fountain was donated by the Antioch Woman's Club.

Walter Shepard, superintendent of public works, asked the trustees to come up with an ordinance for people who build driveways. Shepard said he is "looking for a permit that will assure driveways are built according to village specifications."

One driveway in the village is an inch and a half above the road, he said, and that type of driveway is going to be an

obstruction when snowplowing begins.

VILLAGE ATTORNEY Andrew Lynch said he has completed an ordinance regulating standards for restaurants.

"It's basically the same as the Lake County ordinance," Lynch said, "so restaurant owners won't have two sets of regulations to comply with."

Trustee William Seemann questioned whether the rule, "No smoking where food is handled," is a realistic one.

The trustees' health committee will discuss the ordinance next Monday.

The village planning commission meets tonight (Wednesday) at 7:30.

Animal Clinic Burglarized

Antioch police are investigating a burglary last week at the Lakes Animal Clinic.

It was reported to police that someone entered the building by breaking glass to unlock a rear door. Drawers in the X-ray

room and the drug room were ransacked, as well as other areas of the clinic.

Missing were 144 pill bottles, a large number of small blood tubes and nine grams of a controlled narcotic.

Sporting the best suntan in town is none other than "hizzoner" Mayor Bob Wilton, just back from 10 days in Hawaii. (If this column doesn't appear next week, you'll know that I decided it was my turn to spend some time in a sunny paradise like that.)

We're still trying to piece together a confusing story about the turkey caper of the year.

It seems that Sid Parker won a live turkey and a friend of his removed it from the garage the other night. (It was in a big cage.) Sid retrieved the turkey and then, hear tell, another friend swiped it.

We know we don't have the complete story, but it seems this turkey was moved around about 17 times (by some of our finer citizens, whose names we shall protect). It finally wound up at the police station and Sid was called to come and get it.

But when he arrived, Sgt. Chuck Miller only had a baby duck in his possession.

"This doesn't look like a turkey to me, Sid," he said.

A YEAR AGO in this column we announced the arrival of little Al Pionke, that cute little guy you see being pushed around town in his stroller by Chris Pionke, Antioch's Chamber of Commerce secretary. That means little Al was a year old last Saturday and he already has more friends in town than some of us who have been here all our lives.

Other birthdays we certainly want to recognize are those of Nick Pfarr, who was 80 on Monday; Cathy Ann Haley, who celebrates on the 20th, Dick Harland on the 23rd and lovely Lori Jo Rush, who gets to blow out candles and make a wish on the 26th.

Our Treatment
Of Abe Gibrón

In regard to your recent article, on Abe Gibrón, I would like to say this! You sir, donated one paragraph to praise him and approximately eight or 10 to belittle him.

It seems to me, Mr. Gibrón donated his time and effort into participating in the Lions Club attempt to raise money for the blind. Thanks to him this was successfully accomplished!

As for the teenagers (quote) three to be exact, they sir, were definitely not to have been in attendance, as requested in the original invitations!

I think you should analyze your opinions before you publish them!

I for one think you have done a grave injustice to a man, who did talk a little gruf, but then again he is a professional football coach!

Maybe you had better wait until they have a preacher at a future meeting before you attend. You may not be so offended!

In closing let me add this: With such favorable press coverage as you deemed fair to give, I am sure that the Antioch Lions, or other such charitable groups will have much success in persuading others to guest speak! Also it was my observation, that about 99 percent of those in attendance did indeed enjoy Mr. Gibrón! When was the last time you enjoyed such success?

Sincerely,
Mike Creaney

Want Taxpayers To Support Strikers

By SEN. BARRY GOLDWATER

Should striking workers be given financial help by government?

This question is becoming more important as government officials try to come to grips with a growing number of walkouts in industry and irregularities in the food stamp program.

One facet of the problem came to the fore recently in a federal court ruling in Hawaii which prohibited the state from paying unemployment benefits to workers on strike against the local telephone company. Hawaiian law permits the payment of unemployment benefits

to striking workers when their company continues to operate without them.

But the judge in Hawaii ruled that such benefits "irreconcilably intrude" into the federal labor law by giving the strikers an advantage over the company they are striking against.

Some states, like Hawaii, permit the payment of unemployment benefits to strikers if certain conditions are met. However, these laws have long been under attack by persons who insist that because employers support the jobless insur-

BARRY GOLDWATER

ance program with contributions, it means the employers themselves are helping to pay striking workers to remain on strike. It was this argument that the district judge upheld in Hawaii.

There is little doubt that if the

Hawaiian ruling is upheld it could affect policies in other states where strikers are granted welfare benefits. At the same time, the Department of Health, Education and Welfare is studying a plan to deny food-stamp benefits to striking workers. Naturally all suggestions of this nature are drawing opposition from labor leaders who do not want to lose benefits that could enable strikers to prolong their walkouts.

When you get right down to it, the union bosses want the American taxpayers to bear much of the expense for strikers, some of which are not justified and many of which run against the public interest.

State To Ensure Hunters' Competency

Beginning next, July 1, no hunting license will be issued to any person under 16 years of

age unless he presents the person authorized to issue the license either:

Evidence that he has held a hunting license issued by the state of Illinois or another state in a prior year, or a certificate of competency as provided in State Senate Bill 682.

Antioch's village clerk, Marilyn Sterbenz, has suggested that persons under 16 be sure to keep

their old license as proof when they apply for a new one.

Also, those over 65, do not need hunting and fishing licenses anymore, Mrs. Sterbenz said.

The department of Conservation authorize personnel or certified instructors to conduct courses in firearms and hunter safety, which may include training in bow and arrow safety.

Persons successfully completing the course shall receive a certificate of competency. The department will cooperate with any reputable association or organization in establishing such courses if the organization has as one of its objectives the promotion of safety in the handling of firearms or bow and arrows.

No charge will be made for the course, except for materials or ammunition used.

THE FOURTH grade class of Emmons School is excited about their first Bicentennial project.

It is a special wall-hanging, which looks like a patchwork quilt. Seventeen students used combinations of red, white and blue yarn to weave squares on cardboard looms they had made themselves. Their teacher then crocheted the pieces together and suspended the quilt from a metal pole which hangs on hooks.

The big question now is: what should be done with the project so as to benefit the most people?

Free Cancer Clinic Dec. 6

About half of all cancers could be cured if detected early enough. Early detection is vital in the fight against cancer and the American Cancer Society, Lake County Unit, is sponsoring a free Early Detection Clinic on Saturday, Dec. 6 at Downey. The clinic will be held at the

Veterans Administration Hospital in Building 133 from 9 a.m. to 4 p.m. and is by appointment only (Call 336-9293). It will provide, without charge, breast examinations, Pap tests, and hemocult slides, used in the detection of cancer of the colon.

CIRCUMSTANTIAL EVIDENCE, such as this Antioch News photo snapped on the evening of the theft might indicate that Dale Frasch and Cheryl Burge were the ones who stole the Andeker beer barrel, one of the many decorations at the World Famous Village Pub. The barrel has been returned, however, and owner Bill Georgeson so far has not pressed charges.

Letters to the Editor

Explaining that Antioch's success was due more to a team effort than several talented individuals is a poor excuse. If this were the case, any more success and Antioch would have gotten zero representation.

All-Conference teams are traditionally selected at a meeting of head coaches who negotiate on behalf of their own

players. These decisions are important. Recognition could help in potential college scholarship offers.

It appears Antioch players were compromised. They deserved a better fate.

radio or a bicycle and the user left it where they were finished using it, what would the reaction be?

We all know that it is impossible for the store personnel to watch each and every cart that leaves the store. I, for one used a cart for many years. I was very happy to return the cart inside the store. Many times it rained, or was bitter cold, snowing, or like a blast furnace outside. But I returned the carts in the store.

The store owners had signs posted, "Do not remove carts from this area, by police order," and the offenders would be subject to a fine. That didn't help. There are many people who do need a cart to take their groceries home, but I feel they should be the one to see that the carts are returned to the store, one way or another.

I have my own cart, therefore I no longer use the store's.

Maybe if the stores that have shopping carts could charge a deposit, the carts would be brought back. How many people have rented a wheelchair, a pair of crutches, or a rug shampooer? You pay a deposit, don't you?

Let's hear from some of the public. What do you think?

OPERATING THE NEW "NCR Financial Teller Terminal" at the State Bank of Antioch are Maryanne Kaht (left) and Phyllis Kapischke. The minicomputer is designed to improve accuracy in transactions and speed customer service.

State Bank Installs Newest System for Transactions

William E. Brook, president of the State Bank of Antioch, has announced that the bank recently installed a new NCR 270 Financial Teller Terminal, which is designed to improve accuracy and speed customer service.

The counter-top minicomputers are programmed to process a wide variety of financial teller transactions and they communicate with Inbanco, a computer center in Mundelein, via telephone lines.

Transactions soon will be processed quickly with minimum customer delay, but until bank employees become more familiar converting to the new system from the former one transactions sometimes are taking a little longer at the moment.

Mr. Brook said he appreciates the fact that "customers are bearing with us during the changeover period."

Mr. Brook said the bank's new system "is an intelligent data terminal with a built-in

electronic memory."

When a teller enters an account number, the NCR 270 displays the number for verification on an illuminated message frame. The account balance and deposit amounts also are displayed on the message frame so that the possibility of mistakes is virtually eliminated.

The NCR 270 transmits the customer's account number, account balance and deposit data to Inbanco in Mundelein, where the transaction is

processed and authorization is sent back to the terminal at the State Bank of Antioch.

"The NCR 270 Financial Teller Terminal uses the most practical, economical and efficient communication facilities," Mr. Brook said. "And its unique display system simplifies the training of tellers because it increases communication between the teller and the central processor. It also results in reduced data processing and communication costs."

Ask the Old Farmer: My mother used to refer to one of my uncles as "mad as a March hare." I never knew whether she meant he was angry or a little off now and then. Can you tell me what it means? J.H., Harrisburg, Pa.

It's an old English saying. March is the mating season for hares, and they behave like something crazy.

Home Hints: An old wire eggbeater makes a good paddle for stirring and mixing paint ... **Riddle answer:** His breath.

OLD FARMER'S WEATHER FORECASTS

New England: Early week continuing sunny and cold, then light rain and warmer by midweek; week ends with a storm and heavy rain, changing to snow in north and west.

Musical Comedy Opens Thursday

Antioch High School's new theatre season opens Thursday night with the musical comedy, "Once Upon a Mattress."

The play will be presented Thursday, Friday and Saturday nights at 8 o'clock in the high school auditorium. The doors will open at 7 p.m. and tickets will be sold prior to each

performance.

Ken Smouse is directing the play and Linda Therry is the choreographer.

The cast includes Laura Hotchkiss, Tom Manglesdorf, Ina Buckner, Mike Shapiro and Rosaline Scheske.

Several others also are in the cast and chorus.

The distress signal May Day is the anglicized spelling of the French phrase *M'aidez*, meaning "Help me."

ACHS Teacher Attends Conference

Dora Beattie attended the 13th fall conference of the Illinois Business Education Association and served as hostess for the Occupational Survival Skills Projects at a Holiday Inn in Springfield.

"Business and Education-

Harmony in Action" was the theme of the conference. The IBEA is an organization of business teachers striving to update and inform teachers on new skills and procedures in education.

"Although IBEA is basically

composed of business teachers, it has also proved useful to teachers in every field. IBEA will continue to work with people in every vocational field, especially in these times of unemployment, to develop their qualities in various areas of job interests," Ms. Beattie said.

So we want you to have the
phone books you need.**

For the past few months we've been telling you that calling Directory Assistance is a very expensive habit. And that one way to hold down the cost of telephone service is to look up the number yourself whenever possible.

But if you're making frequent calls to areas that aren't included in your local phone book, you may need other directories.

You may even need an extra copy of your local directory.
If so, just call toll-free 800-972-0418*

or your Illinois Bell Service Representative. And we'll see that you get the extra directories you need, usually at no extra charge (for Illinois Bell customers only).

Last year Directory Assistance service cost about \$55 million. Even though most numbers are listed in the phone book.

So whenever you can, please look up the number yourself.

If you need extra phone directories, call 800-972-0418.

Chamber Announces Important Dates: Nov. 28 and Dec. 1

Santa Claus will arrive in Antioch Friday, Nov. 28, by fire truck, riding down Main St. at 2:30 p.m.

From 3 p.m. to 7 p.m., he will be visiting with youngsters at the Rescue Squad building.

Area school children are making Christmas cards welcoming Santa and these will be displayed at the Rescue Squad building. Hot chocolate, donated by White's Ice Cream Parlor, and candy canes donated by the State Bank will be served.

Following Santa's visit on the 28th, the Retail Committee of the Chamber of Commerce will sponsor Antioch's 3rd annual "Hospitality Night" from 7 to 9 p.m. Besides refreshments served by the stores, there will be strolling carolers, the Moose Clowns, and Santa Claus.

Monday, Dec. 1, will be the beginning of Christmas store hours, open until 9 p.m. Monday through Friday and on Sundays from 10 a.m. to 4 p.m.

Gas Station Robbed Then Burglarized

The J&L Gas station on Hy. 83, south of Antioch, was robbed and then burglarized within 10 hours one night last week.

The Lake County sheriff's office said an attendant was approached by two men wearing stocking masks and armed with a revolver and a knife. They forced the attendant, Vernon Greenhaw, inside the station and robbed him of \$200.

Police said Greenhaw managed to get the license number of the robbers' car, which later was found abandoned on Grass Lake Rd., east of Hy. 83. The car had been stolen in Round Lake.

The next morning, station owner Al Stanley arrived at 6 a.m. and found that a window was broken, the station entered and \$95 was taken.

The Chamber's final general membership meeting of 1975 will be held on Monday, Dec. 1st. Speakers will be Dr. Edward Abderholden and Rescue Squad Captain Jim Fields, whose topic will be "Antioch's Health Needs in the Next Decade."

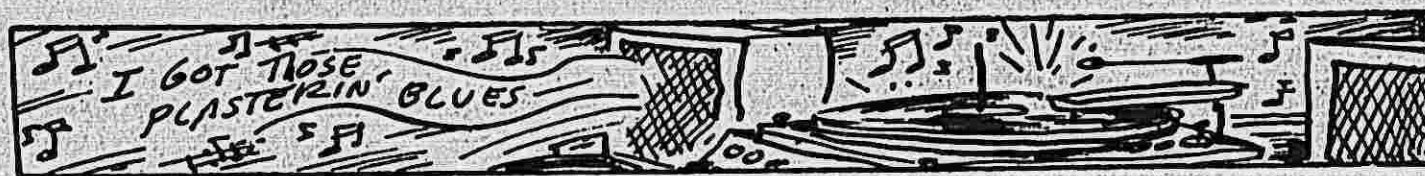

The Chamber office will be closed from Thursday, Nov. 27, through Wednesday, Dec. 3.

ANTIOCH'S SEQUOIT CREEK enclosure project is about two-thirds completed. This view, looking east, shows the pipe (8 1/2 feet in diameter) which carries the creek's water as it flows beneath Main St.

THIS VIEW of Sequoit Creek, looking west from Main St., shows how the banks have been deepened and widened with some of the trees bordering the creek left undisturbed. Village officials felt the work was necessary to improve the flow of the creek to enable flood waters in Oakwood Knolls and other westside areas to drain properly.

You can use blackboard chalk to mend nail holes in plaster walls. Just drive the piece into the hole and cut off flush with the wall.

VFW Auxiliary Helps Hospital

The Sequoit Auxiliary VFW met last week with Ellen Flint presiding in the absence of president Ida Wysoglad.

Hospital chairman Myra Randall reported that Downey Hospital is in need of volunteers, and paperback books. A donation to the hospital for canteen books and for its Christmas party was sent.

Ellen Flint, membership chairman, reported that 100 percent membership has been reached and said, "now everyone should work on getting new members."

Lillian Burnette, treasurer, was named chairman of assisting and helping with the Sequoit Post building fund activities. "Hard and continued working will bring a Veterans of Foreign Wars Post building to Antioch," she said.

Kate Verkest served refreshments and her birthday was celebrated.

The next meeting will be Dec. 8, with a Christmas party after the meeting.

Today won't last forever.

Now is family portrait time.

Someday you'll look back on today. You'll remember the family all together. And you'll be glad you took the time today to get the family together for a portrait.

Correction

Our story last week about a boy who jumped off the roof of the A&P store, breaking both feet, was inaccurate. We said the youth was an eighth grade student at Emmons school, but

in checking the police report we find that it was another young man. We'd like to apologize to Emmons for this inaccurate and unnecessary reference to the school.

ARIES [March 21 - April 19] — You may meet with opposition; be ready to deal with complications, if they occur, beforehand. Being in a position to handle things on your own is imperative.

TAURUS [April 20 - May 20] — Working toward objectives should be the prominent factor in your schedule now. Revise plans if necessary in order to best achieve the goals you're striving for.

GEMINI [May 21 - June 21] — By recognizing your duties and responsibilities you do a far better job; efficiency is important so be sure you are thorough.

CANCER [June 22 - July 21] — Make the contacts you think necessary, even if it means going out of town to do so. You now need the opinion of those who understand you.

LEO [July 22 - August 21] — Taking orders from others is not easy now; try to maintain a good sense of balance. Your own capabilities don't go unnoticed.

VIRGO [August 22 - September 22] — New acquaintances prove especially stimulating; the relationships you form now are good ones and have the potential of lasting.

LIBRA [September 23 - October 22] — Use care when confiding in others; make sure you trust only those who are above gossip. Your best bet for a successful week is civic work.

SCORPIO [October 23 - November 21] — Coordinate all that enthusiasm and energy into something constructive; you now have the ability to maintain an above average pace.

SAGITTARIUS [November 22 - December 20] — Don't go overboard when shopping; it's easy to wreck the budget now so avoid being extravagant. It's better to concentrate on being more frugal.

CAPRICORN [December 21 - January 20] — Work on forming a better relationship with relatives; by having perfect unison with kin you are assured of a smooth running week. Give careful consideration to new offers.

AQUARIUS [January 21 - February 19] — Keeping peace in the family may be more difficult than usual as others don't always see things your way lately. Avoid dissension.

PISCES [February 20 - March 20] — Don't gamble on long shots; carefully think through new speculative offers. Keep business and social activities on an even keel as both are important.

Town Crier

I'm really looking forward to Sunday. I'm going in to Chicago and have dinner with my old pal, Abe Gibron.

One of our closest friends for many years, Abe called this week to say he really got a kick out of the way we roasted him in this column last Wednesday.

He promised to tell me, when we get together Sunday, what to do when I notice a girl's "Mood Ring" turning purple.

DID YOU read that vandals, using shovels and rakes, did damage estimated at \$10,000 to \$15,000 to three golf greens at Glen Flora Country Club in Waukegan?

On the 14th green of that golfing paradise, deep holes were dug by a shovel. Police called the act "malicious and deliberate."

The vandals better hope that police catch them before the golfers do.

IN ITS Nov. 10 issue, Newsweek magazine printed a picture of movie star Ann-Margret at the age of 5 in an outfit which, according to Newsweek, "she wore at a dance recital 29 years ago in her hometown of Antioch, Ill."

We immediately checked with

Ann-Margret onstage at 5.

our expert on "horses and women" and he said, no sir, Ann-Margret is not a product of Antioch.

Several people have told us, however, that she did do some growing up in nearby Fox Lake and, probably in 1957, was a cheerleader at Grant High School.

We checked the 1957 issues of the Antioch News and found that Grant beat Antioch 6-0 in football that year.

Those Antioch players probably spent the entire game looking over in the direction of that Grant cheerleader.

McClory Seeks Another Term

Illinois' 13th District Congressman, Robert McClory of Lake Bluff, has announced his decision to seek an eighth term in the U.S. House of Representatives.

A senior Republican on the House Judiciary Committee, McClory's announcement fol-

lowed a "Silver Anniversary Salute" for his 25 years of service in the Illinois General Assembly and the U.S. Congress.

F. James Lumber, Antioch attorney, has announced that he will seek the Democratic nomination to oppose McClory in the 1976 election.

Viking Football Banquet Tonight

The 1975 Viking Football Awards Banquet will be held tonight (Wednesday) at the Antioch Upper Grade School cafeteria.

A buffet dinner will be served beginning at 6:30 p.m. A charge of \$3 per person will be collected at the door.

Team members, coaches,

cheerleaders and their families are invited.

Roy Nelson, varsity coach at Antioch High School, and Gerry Sandberg, freshman coach, along with a member of the high school varsity team and a former Viking will be guest speakers.

A drawing to select the winning benefit tickets will be conducted. The top Viking

ticket sellers will be awarded individual prizes, and team and individual awards for each Viking will be presented.

In this year's Viking football competition, Winnetka won both the lightweight and heavy weight titles. The Antioch teams placed second in the Northern Division in each class.

The Viking PeeWees ended their first season of competition with a 5-2-2 record, winning their last five games.

Wins \$150 In Bowling Marathon

An 18-year-old Antioch bowler, Ray Baczynski of Channel Lake, participated in a 24-hour bowling marathon recently in Franklin Park, Ill.

He won first prize, \$150 in cash and a big trophy.

Ray bowled 32 games in the 24 hours and finished 455 pins over his average. That gave him the victory.

The participants were allowed only two 10-minute breaks in the 24 hours. If you napped you were disqualified.

Amazingly, after 20 hours of bowling, Ray came up with a 231 game.

The event was designed to raise money for a boys' football team. Each bowler gave \$20 and more money was raised by pledges from sponsors. Fifty-nine started and 41 of the bowlers finished.

Sophomore Basketball Team Picked

Fifteen players have been selected as members of the Antioch High School sophomore basketball team. They are:

Brian Andrews, Chris Ano, Bill Dubek, John Eder, Tim Huebner, Tom Huebner, Al Koesser, Dennis Korjenek, Jeff Mulder, Kenn Rosenbrock, Al Roth, Tracy Sodman, Bill Strzelecki, Joe Vojtech and David Walpole.

The first game of the season will be in the Thanksgiving tournament at Barrington with the Antioch sophs playing Barrington at 3:45 p.m. on Wednesday, Nov. 26. The Antioch sophs will play Elgin Larkin at 1 p.m. on Friday, Nov. 28, and Cary Grove at 1 p.m. on Saturday, Nov. 29.

Sequoit Basketball Preview Is Tonight

By MIKE WITT

The Antioch Sequoits' basketball opener is just around the corner. Sequoit fans will get a look at their 1975-76 team this week.

Coach Roger Andrews has scheduled an intrasquad game tonight (Wednesday, Nov. 19) at 7 p.m. The public is invited to watch.

This game is set up every year by Coach Andrews to give himself and Assistant Coach Don Zeman a look at their ball players under game conditions.

Coach Andrews has high expectations for this year's team. Two reasons are Scott Kimball and Jon Bodin. Both are returning lettermen and

have looked impressive in practice.

Others to keep an eye on are Bob Dubek, Mitch Witt, George Ferguson, Tom Sedar, Pat Houghton and Don Norwick.

The Sequoits open their season Wednesday, Nov. 26, in the Barrington Turkey Classic. Antioch has a history of showing well in this round robin tournament. We can expect a strong showing again this year.

Tourney dates are as follows:

Wed-Nov. 26 - Barrington, 8:30.

Fri, Nov. 28 - Elgin-Larkin, 6:45.

Sat, Nov. 29 - Cary-Grove, 6:45.

Old-Time Newsmen Didn't Bother With Objectivity

By BETSY ROSSEN

Objectivity in journalism, the pursuit of unbiased reporting, is always the ideal before today's newspapers. "The facts speak for themselves" is an oft-quoted phrase.

But what was the experience of readers a few generations ago? The Antioch News of January 1908 provides representative samples of reporting of that time.

Jan. 23: "The most spectacular and daring holdup of an unusual sort that ever happened in Lake County took place Saturday morning at a lonely farm house near Rondout.

"A grizzled tramp, wan and weary from hunger, held up Cornelius O'Hare, a bachelor farmer, at the point of a gun. The holdup was not for money, for treasures the former might have had concealed, or for jewels. It was plainly and simply for something to eat."

Feb. 20: "There is no class of citizens that will profit so much by good roads as the farmer. No other will get so much out of them. Everything raised and sold must pass over the country roads to the market. Good roads make this delivery easier and less expensive, and can be made at the farmer's pleasure."

Feb. 20: "Half a mile off the Waukegan shore, staggering under mountainous seas that beat against her and tore off her cabin, the fishing tug Anspach sank off the foot of Water Street Tuesday night and carried two to their death while four, including Captain Rubier, crawled to the beach on their hands and knees and later fainted from the exposure."

Feb. 13: "Patrick Flynn, besieged in his signal tower in the north Ravenswood yards by four bandits, fought a desperate battle early last Friday in which the lives of a train load of passengers coming from Milwaukee over the Northwestern railroad were imperiled."

"Flynn escaped from the desperadoes in time to throw a switch and save the fast train from being wrecked."

Jan. 16: "Perhaps one of the most sensational attacks on a person's life ever committed in Waukegan was the drama enacted in police court Saturday when Mrs. Alfred Crewe

shot Mr. Nichols through the liver. "She on Saturday caused a warrant to be issued for Mr. Nichols' arrest, charging him with having tried to strike her with a horse whip. She also charged him with having attempted to run her down with his horse and buggy."

Hockey Team Set To Go

Professional sports has returned to Lake County.

Not since the Lake County Rifles tore up the gridiron years ago have Lake County and southern Wisconsin residents enjoyed the excitement the Lake County Flyers professional hockey team promises for this season.

Antioch hockey enthusiast Don Walsh has acquired part ownership of the Flyers. With the closing this year of the Kenosha Ice Arena, Walsh's Kenosha Flyers, champions of the Continental Hockey League last season, found themselves without a home.

As a result of the disbanding of the Chicago Wildcats of the Continental League, Chris Fa-

via who played with the Flyers last season and former Flyer Jerry Kurth of Wauconda formed the Lake County Flyers, playing out of the Zion Ice Arena. They signed many of the old Flyers and Wildcats.

With Walsh's acquisition of half ownership, he promises the return of the professionalism which packed the Kenosha Arena. He will also remain as Flyer coach.

Walsh hopes his team will get untracked Saturday against the Madison (Wis.) Blues at Zion.

Madison is in first place in the Continental League.

Game time at the Zion Ice Arena is 8:15 p.m. Ticket information and group rates can be obtained by calling 395-0922.

3 Arrested By Police

A 37-year-old Antioch man faces a Dec. 5 court date in Fox Lake, charged with disobeying a stop light and driving while intoxicated.

Daniel H. Hewett, of Rt. 1, Box 524, Ackerman Rd., was arrested by Antioch police at 11:25 p.m. last Wednesday night.

Police said they stopped him after he went through a red light at the intersection of Main and

Lake steets.

IN ANOTHER incident, a 19-year-old Rolling Meadows youth and a 20-year-old from Arlington Heights were arrested shortly after midnight Monday when police said they were caught stealing gas.

The were charged with theft at Mitchell's Arco Gas Station, Rts. 83 and 173, syphoning gas from another vehicle to their own.

"People always ask if I can save them money on car insurance. It's amazing how often my answer is, 'yes.'"

At State Farm we have low mileage rates, low rates for people who've joined car pools, a two-car discount, a safe bumper discount, discounts for good students and young drivers who've taken a driver's training course. If you want to know if I can save you money, just give me a call or come in and see me.

Antioch's First Settlers Arrived in 1837

(Editor's Note: This is the 2nd of a series of articles about Antioch's past and present. The stories are taken from the pamphlet, "Environmental Inventories," published by Grade School District 34. The "inventories" were taken by several of the district's teachers, then reviewed and edited by some of Antioch's leading citizens. We are grateful to Michael D. Teeley, District 34's environmental education project director, and his fellow teachers, for making these interesting articles available to the readers of the Antioch News.)

Two hundred years ago, in the mid 1770's, only Indian footprints marked the paths and trails in this section of northern Illinois, in the area around present-day Antioch.

Illinois territory was first visited by white explorers in 1672. Father Jacques Marquette and Louis Joliet were attempting to chart the course of the Mississippi River. They followed the river along the western boundary of Illinois and later followed the Illinois River northeast toward its source at Lake Michigan.

The French laid claim to this territory because of the explorations of these early French explorers. The French settlers named the region Illinois after the Illini Indians who inhabited the area before the French settlers came to the territory. The French continued to hold the territory until their defeat by the British in 1763. For a period of time it was considered as a county of Virginia but deeded to the federal government in 1784.

In the Northwest Ordinance of 1787, Congress made the Illinois region part of the Northwest Territory. Later it was made part of the Indiana Territory by Congress in 1800. In 1809 Congress created the Illinois Territory from areas of Illinois and Wisconsin.

THE FIRST settlers, Darius and Thomas Gage, came to Antioch in 1837 building their cabin on Sequoit Creek. Thomas Warner built a home on Loon Lake shortly afterward making the first permanent claims to government land in the township.

A sawmill built by Hiram Buttrick in 1839 and a steam grist mill built by John Elliot in 1856 became the nucleus for the community built on Sequoit Creek.

The first township board was

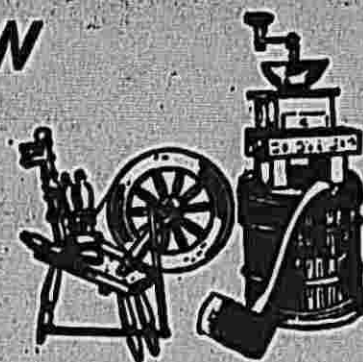

formed in 1850. The first town officers were Harrison P. Nelson, Eli Gage, Thomas Webb, John Elliott, Charles Webb, Robert Calls, Ira Webb, A.D. Paddock, E.C. Stephens, Robert Pollock, John H. Elliott and Albert Webb.

Much of the land around the lakes which was originally classed as swampland was found to be valuable and many squatters took possession of it.

In 1850, the United States government deeded the state of Illinois all its swampland and in 1855 the state turned over to Lake County the region around the lakes. However, during this five year period, this property had been developed and feud arose between land sharks and the settlers who had developed the area. In 1895 the secretary of the interior ended the battle by confirming the titles of the settlers.

MANY OTHERS quickly came to the Antioch area including a religious group, the Campbellites, settling on the east side of the trail and erecting their church on the present location of St. Ignatius Episcopal Church between the years of 1859-1862. The parish hall of the church is an older structure that was transported here in 1922 from the Church of the Holy Spirit in Lake Forest.

HOW THE VILLAGE GREW

The Wisconsin Central Railroad in the mid 1880's caused Antioch its greatest change, bringing new and increased access to the area and lake's recreation.

Resorts sprang up on the shores of every lake including Queen of the West, Petite Lake Hotel, Rothers' Resort, Smith Hotel, Savage's Pavillion and Gifford House.

The village was formally incorporated in 1893 with William Renier elected the first mayor. Hiram Buttrick, Christopher Manger and Leona Persons served as the first judges.

BY THE turn of the century, Antioch was still a small crossroads community with many scattered houses and businesses. Most of the structures were made of wood, a few made of stone and very few made of brick.

Some of the showier buildings were covered with sidings of tin which were painted to appear as if they were brick. This also made these structures more fire resistant.

A town fire bell was installed in 1896 and a volunteer force used the hand pumping unit more to help keep the fires from spreading than to put out the original blaze. Much of the east side of Main Street, north of Herman's Saloon, was destroyed by fire in 1903. Another severe fire destroyed the east side of Main Street south of Herman's Saloon in 1904.

Antioch's population was 682 in 1910, 1,101 in 1930, 1,098 in 1940, 1,307 in 1950, 2,268 in 1960 and 3,189 in 1970. It is now about 3,700.

The average rainfall for the area is 32 inches per year which is the smallest level for any county of the state. The average temperature for the area is 48 degrees; January averages 26 degrees and July averages 74.

Greyhound's AMERIPASS covers U.S. and Canada for only \$175. I am sure there are many Americans, as well as travelers from other countries, who are unaware of this great bargain and advantages gained by traveling around by bus.

This special pass costs \$175 for one month and \$250 for two months of travel on more than 100,000 miles of routes.

ONE COULD travel from Fairbanks, Alaska, to Key West, Fla., and from Nova Scotia to San Diego, stopping when and where desired and staying as long as time would allow. Many connecting bus lines also honor the Greyhound Ameripass, so there are few places in the U.S. and southern Canada one cannot reach.

The Ameripass also entitles you to many money-saving discounts on hotel accommodations, restaurant meals, car rentals, special sightseeing excursions, plus travel guides, just to mention a few.

When making inquiries about the Ameripass, be sure to also ask about the Discount Guide. Greyhound has been busy

modernizing its coaches, featuring reclining seats, climate control and on-board restrooms.

WHOEVER SAID there are not any travel bargains left today must not know about this. Senior citizens and the youth who have plenty of time should look into this.

Also, it is a great way of seeing the Original 13 during various Bicentennial celebrations without costing a fortune.

Just one call to the Greyhound bus office in your area, or local travel agency. Happy sight-seeing.

County Health Group Re-Elects Officers

The Lake County Health Improvement Association held its 1975 meeting at the Farm Bureau, last week.

The entire slate of officers and directors was re-elected for another term. They include Raymond Flood, Libertyville, president; Harry Stern, Antioch, vice president and Joseph Geier, Gurnee, secretary-treasurer.

On the board of directors are William Brook, Antioch; Mrs. Kenneth Denman, Lake Villa; Warren Reese, Grayslake and Wilford Pearce, Zion.

It was decided to make another donation to Lake County rescue squads to enable them to acquire needed equipment.

Antioch, Lake Villa, Fox Lake, Gurnee, Winthrop Har-

bor, and Wauconda rescue squads were recipients of funds at the last distribution in 1973.

About \$3,600 will be divided among the groups which qualify.

Women of The Moose

The November chapter night was attended by 46 co-workers. An interesting program was presented by a Wilmet, Wis., florist, who demonstrated the making of centerpieces for the holidays.

Winning table centerpieces were Judy Cook, Lillian Olsen and Cheryl Wise.

Maryann Guthridge was enrolled and welcomed into the chapter. She also won "share the pot." A chapter pin was presented to Dorothy Lindberg.

The big evening of "fun and surprises" will be here Saturday. It's the "50's and 60's dance" sponsored by the men and women of the Moose. Tickets will be sold at the door.

On Thursday, Dec. 11, at 6:30 p.m., the chapter Christmas party and a potluck dinner is planned. On Dec. 21 there will be a lodge Christmas party for children 10 and under.

'Day of Renewal' Planned Sunday

The Charismatic Prayer groups of northern Illinois and southern Wisconsin will hold a "Day of Renewal" Sunday at St. Benedict's Abbey, Benet Lake, Wis.

Father Rich Simon will be the

guest speaker. He is associate pastor at Precious Blood parish in Chicago.

The day will begin with a 10:30 a.m. Mass. Registration is from 11:30 a.m. to 12:45 p.m.,

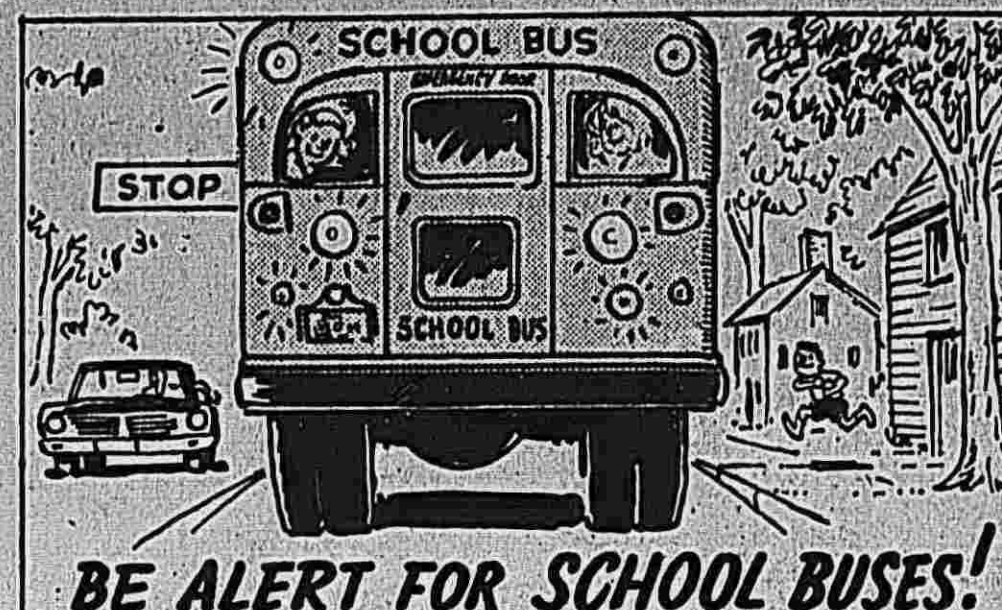

and those attending have been asked to bring a dish for a potluck luncheon.

The gathering will last throughout the afternoon until 5 p.m.
